

ANCHOR UNIVERSITY LAGOS

Entrepreneurship Studies	Web Design Introduction
Date	18-03-2022
Submission Deadline	21-03-2022

Questions

1. Create an HTML document and answer the following questions inside it. Deploy it alongside the main project question (2) i.e the question 2 has to be your index file and the question one has to be your question.html file.

- (1) Write 20 tags and what they are used for
- (2) Write the different types of list we have and explain briefly their use cases
- (3) What would you use CSS for
- (4) How does host, domain work
- (5) Describe what makes a good developer

2. Create a BEAUTIFUL(CSS) personal single page website to showcase what you can do as a web developer. NB: add images where appropriate.

If you have any challenge, reach out to me on time and if you miss the deadline go to the entrepreneurship office as i would have submitted the class result already.
